Here are some pointers to how to do this: Rajesh Edit Check out this link by the OP: The present invention relates to an optical apparatus for reading a slit-shaped image formed on a photosensitive material in the course of exposure and a device therefor. Exposure apparatuses for reading slit-shaped images from photo-sensitive materials are known, as disclosed in U.S. Pat. Nos. 4,780,425 and 4,863,759, for example. In these apparatuses, slit-shaped beams pass through a slit formed in a mask and are reduced in their size and intensity by an optical system to thereby expose a photosensitive material. The light passing through the slit is interrupted by a white or b7e8fdf5c8

The use of mice expressing the Cre-recombinase under control of the cytomegalovirus (CMV) immediate-early enhancer/promoter system for the creation of conditional transgenics has significantly improved the field of mouse genetics. Here we describe a modification of the system that allows for the release of the "latent state" of the transgene by inducible reverse transcription. This method could also be useful for transgenesis mediated by the other two vectors that we have used for conditional transgenesis in the mouse. An RPG based on the PlayStation 3/PSP title of the same name. The story centers around

Hank Iqbal attended a city council meeting on Monday night to discuss his plan to reduce commercial vehicle use in the area surrounding the Don Mills Road YMCA. The plan would reduce commercial vehicle use in the area and not allow vehicles under 24-metres tall to access the YMCA. However, Iqbal said the plan will have to go to Planning, Building and Development Services for approval before it can be implemented. "If they say, 'No, we don't like this,' then we have to go back to the drawing board," he told reporters. "We have a couple of options and we'll have to see." READ MORE: 'Don't expect city to come out here with shovels' Iqbal said the city will look at the safety of pedestrians and cyclists before any changes are made.
